

This gift supports ELCA World Hunger.

Just one dairy cow can produce as many as three gallons of milk each day. Nutritious, calcium-packed milk from a cow helps ensure that children grow up healthy and strong. Extra milk can also be used to make cheese, yogurt, butter and other dairy products to eat and sell for a steady source of income. With food and funds – not to mention fertilizer for fields – a cow is a total package for a family in need.

About your gift:

Shop ELCA Good Gifts and find 50 different ways to grow the church, fight hunger and transform lives.
