

This gift supports ELCA World Hunger.

Special varieties of fruit trees — such as mango, orange and guava — are known to thrive in the driest of conditions, even drought. These low-maintenance trees are an investment in the community that can span generations, protecting the soil from erosion and providing nutritious fruit to children and adults alike.

About your gift:

Shop ELCA Good Gifts and find 50 different ways to grow the church, fight hunger and transform lives.
