

This gift supports ELCA World Hunger.

Women are the force behind half of the world's food production. But they don't always have the same access to the land, supplies and education that their male counterparts do. It's been estimated that if female farmers around the world had equal access to these resources, the resulting food production would put a significant dent in the number of people living with hunger. With an opportunity to attend farmers' field school, they'll learn the latest advancements in agriculture, marketing and leadership, and help nourish their families and communities.

About your gift:

Shop ELCA Good Gifts and find 50 different ways to grow the church, fight hunger and transform lives.
